

## MSA at Emergency Services Show 2019

### Introduction of the M1 SCBA System for the UK market

*MSA Safety is the global leader in the development, manufacture and supply of safety products that protect firefighters and rescuers. At this year's Emergency Services Show, MSA is excited to introduce the most technological and ergonomic SCBA yet for all UK firefighters. Called the **M1 SCBA**, this modular system brings to the market a modern vision of a breathing apparatus in order to improve firefighter safety. Exhibit visitors will be able to see first-hand the M1 SCBA and discover breakthrough innovations, including a dedicated Entry Control Board for incident monitoring, a hub base station, and a fully integrated voice communication headset into the G1 mask.*

*All these innovations will future-proof breathing apparatus and improve the lives of firefighters. Want to try it for yourself? MSA will also organise a Readiness Race to see who can don and doff the M1 SCBA in record time. And if that wasn't enough – join us at our roundtable discussions where some of the UK's finest will talk about best practices, technology and innovation in the fire service.*
